IN MEMORIAM

In memory of our mother, OLLIE B. MARTIN, who departed this life two years ago October 31, 1970.
I cannot say, and I will not say
That she is dead. She is just away!
With a cheery smile, and a wave of the hand,
She has wandered into an unknown land,
And left us dreaming how very fair
It needs must be, since she lingers there
And you - oh you, who the wildest years
For the old-time step and the glad return,
Think of her faring on, as dear
In the love of There as the love of Here
Think of her still as the same, I say:
She is not dead - she is just away.
Sadly missed by husband, children and grandchildren
10-26-1p

In loving memory of Donald Wayne Pugh, who departed his life 2 years ago on the 31st of October.
Your death in the year of 1970 left within each of us who loved you a feeling of emptiness. However as time continues to pass we each show your warm and loving memories. It is these memories that help rid us of the emptiness we feel and we are grateful to our Father above for them.
Gone but not Forgotten,
Mother, Sisters, Brother, Daddy. 10-26-1p

4-H Girl Wins In Contest

Corsa, of the Sherwill 4-H Club, modeling a navy wool dress with silver and navy accessories, won in the dress competition for the age group 14-15-year olds, in the "Make It Yourself With Wool" contest in competition held on October 14, 1972 at Prince Edward Senior High School. There were 58 girls who were in the seven divisions of this contest, entering garments they had constructed themselves.

Paul, modeling a red wool pantsuit with white and brown accessories also represented the Sherwill in the contest.

Miss Giles of this 4-H Club was first place winner in the division for older girls.

Both the winners were a trip to the "State Make It With Wool" competition in Blacksburg on November 2nd and 3rd for first place winners. Various sewing items was given second, third and fourth place winners. These were furnished by the merchants in the Farmville area.

Reactor Vessel And Lid Being Moved

A 290 ton reactor vessel and its 62-ton lid are scheduled to arrive at Newport News Shipbuilding and Dry Dock Company on Thursday, en-route to Virginia Electric and Power Company's North Anna Power Station.

The reactor components will be loaded onto barges for the trip up the York and Mattaponi Rivers to Walkerton. The units are due there October 23.

From Walkerton, the vessel and lid will be transferred to special tractor trailer units for the remaining 65 mile trip to North Anna.

The reactor vessel, which is 23 feet high, 20 feet wide and 39 feet long, will be moved on 128-wheel dollies. The lid, which is nine feet high and 17 feet in diameter, will ride on a 100-ton lowboy trailer.

The components will go overland in a convoy consisting of two tractors for each unit, a rigging truck with spare parts, and escort cars. The convoy will be accompanied by State Police.

Traveling at an average speed of between four and six miles per hour, the convoy is expected at North Anna about November 3.

Vepco's North Anna Power Station, being built at a cost in excess of $1 billion, will help to meet the consumers' rapidly increasing needs for electrical energy. The 934, 000 kilowatt North Anna Unit 1 is scheduled for commercial service in 1974.

The supplier of the reactor is Westinghouse Electric Corporation. Some of the work on the components was done for Westinghouse by Rotterdam Dock Yard, which shipped the huge parts from The Netherlands on September 29.

FYI - The line of travel for convoy is across the Mattaponi Bridge on Route 629 to Route 30 to Route 688 near Doswell. The vehicles will continue along Route 688 to a point just east of U.S. 1. Then onto a specially constructed bypass over the Chesapeake and Ohio Railroad tracks at Doswell, returning to U S 1 at the intersection of Route 684. Then, along Route 684 to Route 738 to Route 739 to Route 715 at Beaverdam. Then, to Route 601 to Route 618 to Route 700, following the latter to the plant site.

"Bosses Night" For Jaycees

Social Security Programs Feature Seven New Films

Seven new animated films about social security are featured in programs social security offices can arrange for civic groups, schools, clubs, and organizations, according to social security officials here.

The films are each about 4 minutes long and in color. Each explains a different aspect of the social security retirement, disability, survivors, and Medicare programs. "People can select the subjects that interest them," the spokesman said. "The films are shown by social security representatives who answer questions and discuss them."

The film titles are "Five Times for Action," "Who Can Collect Retirement Benefits?," "Building Insured Status — Retirement," "Building Insured Status — Survivors," "Student Benefits," "Household Workers," and "Hospital Insurance Coverage." They were produced by the Social Security Administration of the U.S. Department of Health, Education, and Welfare.

Programs featuring the films can be arranged by calling any social security office in the area, the spokesman said.

Monthly cash social security benefits depend on the earnings credited to a worker's record.

American workers build four kinds of protection with their social security contributions — retirement, survivors, disability, and Medicare hospital insurance.

AMERICAN EDUCATION WEEK OCT 22-28

Wrong Claim Number Can Delay Medicare Payment

People covered by Medicare can assure faster payment of their medical insurance claims if they make sure their correct claim number is on the form, according to social security officials here.

Use of the wrong claim number, or omission of the number entirely, is responsible for one of every three delays in the payment of medical insurance claims, a spokesman said.

"Your health insurance claim number identifies your claim when you request Medicare payment on bills for medical services," he said. "If you put a wrong number—or don't enter a number—on a 'Request for Medicare Payment' form, a search for your correct number is necessary. The search can delay your payment."

The health insurance claim number appears on the card issued to everyone covered by Medicare. It has nine digits and a symbol, such as A, B, or F2. "It should be copied—including the letters —onto the designated blank on the 'Request for Medicare Payment' form," the social security spokesman said.

The medical insurance part of Medicare [illegible] pay for doctor bills and many other medical expenses for almost everyone 65 and over. "Request for Payment" forms should be sent to the health insurance organization that handles Medicare payments in this area.

The forms are available at most doctors' offices and at any social security office, the spokesman said.

If a doctor and his patient agree, the doctor can be paid directly by Medicare. If the patient submits the claim, the Medicare payment goes to him.

Medicare pays 80 percent of reasonable charges for covered medical services after the $50 annual deductible has been met. The medical insurance is the voluntary part of Medicare, funded by individual premiums that are matched by the Federal Government. It supplements Medicare hospital insurance, which is funded by regular social security contributions and helps pay hospital bills of people 65 and over.

Medicare is administered by the Social Security Administration of the U.S. Department of Health, Education, and Welfare.

WINS PRIZES AT WESTERN AUTO

At a drawing at Western Auto on Saturday, October 21st, a chain saw was won by David Cyrus of Spout Spring and a chain saw chain was won by Phillip Jefferson of Charlotte Court House.

HEARING PROBLEMS?

Children suffering from undetected hearing losses are living in a silent, miserable and often frightening world, and require the special help and understanding of parents and teachers.

SAFE DRIVING TIPS

When driving at night, be extra careful. Always be sure that your lights are clean to aid visibility and make sure your speed is reasonable for road conditions.
